Planned Giving: Your Legacy of Caring

It is a profound and lasting way to show your support of cancer care. After taking care of your loved ones, a bequest is a wonderful way to ensure that your commitment to cancer care will continue.

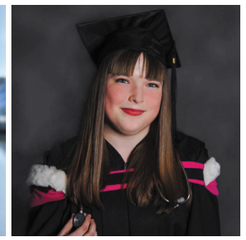
If you would like to know more about leaving a gift in your will to cancer care, please call Emily at (709) 777-8861.

To become a monthly donor, **give us a call at (709) 777-7589**

Charitable Business Number:
Dr. H. Bliss Murphy Cancer Care Foundation 86250 7977 RR0001

Supporting Tomorrow's Workforce

Through your generous donations, you also fund tomorrow's oncology professionals through annual scholarships in the Faculty of Medicine, Nursing and Pharmacy. This year's winners are Ian Janes (Medicine), Holly Anthony (Nursing) and Shaelynn Ryan (Pharmacy).



Update to Donors:

Through the generosity of donors, the Noona application was purchased last year and is now being rolled-out and used by over 1,000 patients of the Cancer Care Program, with plans for further expansion.

"All of my appointments are in one place, I can get timely reminders, and any paperwork I need to complete before them are right there in the app. Having the option to include personal journal entries allows me to keep everything pertaining to my cancer journey in the one, convenient location."

- *Pam Brown, Cancer patient*

Why Become a Monthly Donor?

Monthly donations are one way to support cancer care and cancer patients in our province! They are an easy way to have a big impact. Here is why Fred became a monthly donor:

"As a cancer survivor myself, I understand how important support is from donors. I made a commitment once I finished my own cancer treatment to be a supporter and help others who have been diagnosed."

- *Fred Woolridge, Paradise NL*

Hope Notes

CANCER CARE FOUNDATION
NEWFOUNDLAND & LABRADOR

Donor Update
Spring 2024

Every Step of the Way

The Cancer Care Foundation is pleased to launch our new Strategic Plan - *Every Step of the Way: 2024-2028*. That title embodies our commitment to the challenges, experiences, and triumphs of those affected by cancer in Newfoundland and Labrador.

Extensive collaboration with our stakeholders produced a plan to do even more for cancer patients in our province - to deliver more help and more hope to those facing cancer at every corner of the province. A comprehensive plan will get us there. Together, we will work hard to ensure we are there with them – every step of the way.

A copy of the plan can be found at **www.cancercarefoundation.ca.**

Polka Dot Trot 2023

On October 15, 2023, at our largest Polka Dot Trot to date, over 835 participants came together and raised more than $357,000 for cancer care across our province!

Registration for the 2024 Polka Dot Trot will open August 1st. We look forward to welcoming all of our new and returning Trotters in supporting all cancers.

Cancer Conference for Women

In November, 110 female cancer survivors came together in St. John's for the 2023 NL Cancer Conference for Women – welcoming women from right across the province who had been diagnosed with cancer for a weekend of information, inspiration, and support.

It was a beautiful weekend, full of powerful moments and connections made. The 2024 NL Cancer Conference for Women will be held from October 25-27th, 2024 at the Delta Hotel in St. John's. Watch our website for more information as the conference gets closer.

Power of Life Equipment Grants

We are always grateful for our partnership with Newfoundland Power through Power of Life. Their commitment to raising funds in support of cancer care in Newfoundland and Labrador through donations from customers, corporate donations and employee fundraising is always inspiring.

Power of Life accepts applications for cancer care equipment funding for sites across the province every two years. In the fall of 2023, over $140,000 in equipment funding was awarded. Funded projects include everything from a chemotherapy chair to a new Garden of Hope. Thank you to Power of Life donors and Newfoundland Power for making it all possible!

New Cancer Centre: Western NL

Those in Western Newfoundland will soon have a new state of the art hospital to call their own. The facility is scheduled to open later this year. Here is a sneak peak of inside the new Cancer Centre.

Nursing Care Station in Cancer Centre

Chemotherapy Unit

Thanks to a beautiful couple, and close friends of the Foundation, for kindly purchasing a bed for the Radiation Therapy Department of the Dr. H. Bliss Murphy Cancer Centre.

It will be used in the delivery of brachytherapy treatment for cancer patients with prostate and gynecological cancers. This state-of-the-art bed has many features that make treatment delivery more comfortable for the patient. We are so thankful to our dear friends for their continued support of cancer care in Newfoundland and Labrador.

Your Messages of Hope

Thank you to those who donated to our Holiday Appeal for so generously supporting the Patient and Family Support Fund, and for sending back their messages of hope for cancer patients. Hundreds of messages were posted in the patient waiting area of the Dr. H. Bliss Murphy Cancer Centre for patients and family members to read. Thanks to all who took the time to provide a moment of inspiration and kindness.
